

# ARCHITECT

## BIRTH

28-March-1990  
Madrid, Spain

## PROFILE

Creative, responsible, with the ability to adapt, easy to work in groups, curious, ready for new challenges and responsibilities.

With the experience gained in a more technical area of construction, I would like to return to the creative field of architecture, since what I like the most is conceiving solutions and turning them into something tangible.

## HOBBIES

Painting, drawing, pottery, DIY, crochet, music, photography, travel

## OTHERS

Driving license type B

# DIANA ESPERANZA GARCIA FRANCO

## WORK EXPERIENCE

**Creative technician and draftsman at the engineering department of Secin Group in Madrid, Spain**

2019, November-today

Structural projects for new construction and rehabilitation.

- Drawings of structural plans, including construction details
